Brand New Book ***** Print on Demand *****.Excerpt from Investigations of the Department of Psychology and Education of the University of Colorado, Vol. 1: Certain Aspects of Educational Progress Sociology is the science which considers the fundamental laws of association and the means of social progress. It is thus distinguished from the special problems of human association treated in Economics, Political Science, Ethics, etc. Sociology as a distinct science is comparatively new, but it is increasingly engaging the attention of thinkers and philanthropists and gives promise of large results for human betterment. The theme proposed is a large and difficult one, and calls for a summary of some accepted views with more or less reference to leading writers. It must be understood, however, that the personal equation will enter into the entire treatment of the subject. Principles. Many theories regarding the basal principle of association have been advanced. We may quote that of Professor Giddings, who finds the original subjective social element to be consciousness of kind. He thus defines his meaning: The consciousness of kind is that pleasurable state of mind which includes...
