## Learning from Work: Designing Organizations for Learning and Communication

By Anne Beamish

Stanford University Press. Paperback. Book Condition: new. BRAND NEW, Learning from Work: Designing Organizations for Learning and Communication, Anne Beamish, Gaining a thorough understanding of today's complex workplace is of vital importance to both business professionals and academics - not only because it leads to a deeper understanding of individual motivation in the work context, but also because it reveals ways in which work practices can be improved. This requirement for both understanding and action has become especially pressing in the area of "learning in organizations" as businesses have become ever more "knowledge-based." There is now an urgent need to comprehend how people and organizations learn, and then to store and transfer the resulting new knowledge to facilitate the design of work environments and practices. Learning from Work directly addresses this growing workplace need by examining how people communicate and learn in one of the most complex of industry structures: the automobile industry. It is the very nature of this industry's complexity that makes this study so valuable. The combination of global scale, plus the nature of the relationships between the manufacturers and the dealerships (the dealerships are independent businesses that are only loosely coupled to the manufacturers) make the...
