A girl had to learn to become up proper and capable household manager and utilize all the finances available to her in a sensible and adept manner. The world economy in itself means the careful use of available materials, including money. A large majority of women have charge of the spending of most of the money gained by the wage earners of the family. So if the woman is extravagant and has no economic sense, the family is soon going to find itself facing a number of bills on the 1st of every month, adding to the stack of unpaid bills from the previous month. Let us take an example - what is going to benefit the family more, an increase of hundred dollars in your annual income, or the saving of the same amount by wise management? You may think a penny saved is a penny earned as one of the old-time cliches, but our ancestors went through hard economic and financial times. They knew how to stretch a dollar so far that it squeaked. The Great Depression of the 1930s is now the Great Depression of the 2020s, and the financial and economic problems, which took place then are still very much around. So a little bit of sensible management, proper judgment and some self-discipline is going to help you...
