Reviews

It in a of the best book. Indeed, it really is play, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book. (Sofia Yundt)

JAPÓN EN EL SIGLO XX

ARCO LIBROS, MADRID, 2000. Rústica. Book Condition: Nuevo. Dust Jacket Condition: Nuevo. 01. De todos los pueblos y naciones que ocupan un lugar destacado en el panorama internacional es Japón, sin lugar a dudas, el que más preguntas e incógnitas plantea a los occidentales. En el archipiélago nipón convive la tecnología del siglo XXI con la más férrea defensa de las tradiciones y valores nacionales; un mundo en el que los ordenadores y coches de última generación tienen perfecta cabida en una sociedad superconsumista, pero que no desdeña la vieja ceremonia del té, un buen combate de sumo o la preservación de los valores morales, éticos y estéticos del viejo código de honor de los samurais, el Bushido. Para comprender el Japón de hoy resulta obligado mirar a su pasado. Una historia que ha permitido al Japón pasar de ser una nación primitiva anclada en el feudalismo del tiempo de los Shogun, a convertirse en una potencia imperialista expansiva de primera fila y, tras su derrota durante la II Guerra Mundial, en un imperio comercial y tecnológico. Cómo se produjeron estos cambios, esta evolución? El libro Japón en el siglo XX, de imperio militar a potencia económica intenta dar, de forma breve, las claves políticas, sociales, económicas. de esta sorprendente evolución. 140 grms. LIBRO.
